Dear Prof. Panchenko,

On the occasion of the 25 Jubilee Anniversary of the Russian Foundation for Basic Research, we extend our wholehearted Congratulations to you and all colleagues of your esteemed Foundation.

It has been our great honor to have cooperated with your Foundation for the past years in the medical science field of joint research projects, and we look forward to further intensifying our mutual medical cooperation between Russia and Japan, especially toward our planned 2018 Tokyo-Moscow International Medical Forum, to mark the occasion of “Russian Year in Japan”.

We sincerely hope our joint efforts will yield scientific research results both in Russia and Japan, which is one of the most essential fruits of our mutual cooperation.

Sincerely yours,
